

BANANA FAMILY TREE

Green, yellow, spotted, or browned—every banana is unique just like every family is unique! Whether you're young, old, tall, short, siblings or close friends, family consists of all those closest to our hearts. Showcase everyone within your banana bunch by creating a fun Banana Family Tree! Cut out the amount of leaves you'd like your banana tree to have and add family members by writing their name and birthday on the different bananas, adding them to your tree for a unique and fun keepsake.
